

SUBJECT: Displacement of Soviet and Hungarian Troops in Hungary in the  
St. Gothard - Sopron Sector

25X1A

1. KORMEND

Soviet and Hungarian units with a total strength of five battalions are stationed in this city. These units are under the jurisdiction of the Hungarian 1 and 7 Infantry Divisions, the Soviet 81 and the Hungarian 1 Panzer Divisions.

A unit of Hungarian MVD agents and Soviets are stationed here. They are in charge of the entire police <sup>(SERVICES)</sup> and are cause of great fear and terror among the inhabitants. All units, both the Soviet and the Hungarian units wear the same new uniforms, armament and equipment. Daily maneuvers are being held of infantry units combined with the artillery and with tank units. Recruits are called up from the surrounding area for <sup>SHORT AND</sup> lengthy maneuvers and they must participate in the combined maneuvers. The year groups called up vary. During the combined maneuvers, special attention is devoted to:

concerted infantry and tank activity

assaults on fortified points and fortresses

maneuvers in ~~units~~ laying of mines and demolition.

It is extremely difficult to establish which units belong to which division, since the insignia is such that the Hungarian units are hard to differentiate from the Soviet units, apart from national characteristics. Soldiers are strictly forbidden from associating with the civilians. In addition to this, units constantly change, <sup>EITHER</sup> some depart, ~~units~~ or the number of men is decreased or reinforced.

2. RABAHIDVEG

PANZER

Units of the Hungarian 7 Infantry Division and the Soviet 81 <sup>PANZER</sup> Division are located

here . Their total strength is two battalions. A larger number of units were located in city at the end of April, but some have left for Kormend and Sombathely. All able bodied men are called to one or two month maneuvers. The majority of these recruits carry out their training with the units stationed in their locale, but many, especially those who are specialists are transferred to other points.

3. VOSVAR

Only two infantry companies of the Hungarian 1 Infantry Division, and several tanks belonging to the Soviet 81 Panzer Division are stationed in this city. The tanks have the indication T-42 written on them in white. Recently a large number of kulaks were arrested for minor offences, and taken away somewhere. Terror increases daily.

4. KAM

Until recently two infantry companies attached to the Hungarian 3 and 7 Infantry Divisions were located in this city, but have left for an undisclosed destination, so that at present there are no army units here. A number of younger age groups have been called up.

5. SARVAS

Units of the Hungarian 7 and 8 Infantry Divisions, and of the Hungarian 1 and Soviet 81 Panzer Divisions are located in this city. The total strength is estimated to number one regiment. The soldiers are well equipped and clothed. Several young age groups have been called up.

25X1A COMMENT:

The report was received  on the spot. The above information was gathered between the end of April and 12 May 1950.

25X1X

25X1X  wish to emphasize that in spite of all their endeavors <sup>IT HAS BEEN DIFFICULT</sup> to establish the identity of the units which are attached to various divisions because of the fact that troops are constantly on the move. The military are strictly forbidden to associate with the civilians.

It is possible that there may be mistakes in the identification number of the unit, all the more so that the men often do not know what higher unit they belong to and are only acquainted with the number of their own unit,
